

Dear Students,

As the warmth of summer envelops us, let's take a moment to reflect on the wisdom of Helen Keller: "Life is either a daring adventure or nothing at all." Indeed, without challenges and uncertainties, life would lose its essence, much like a ship adrift in calm waters. May and June offer us a chance for self-reflection and rejuvenation. It's a time to strengthen family bonds, explore new horizons, and pursue our passions.

An umbrella, a book, and the mind serve their purpose only when open. Let's embrace the endless possibilities before us. Let our minds unfold like blooming flowers, eager to absorb wisdom and experiences. The Summer Holiday Engagement of 2024 calls us to focus on Social Emotional and Experiential Learning.

Each challenge we face will be a stepping stone to personal growth. Let's not forget the joy of learning, the thrill of exploration, and the warmth of companionship.

I hold each of you in high regard for your creativity and strengths. Let's make this Dronachariyan initiative of the Summer Holiday Homework 2024-25 a journey filled with learning and laughter. Let's redefine ourselves and embrace collaboration, innovation, and compassion.

Class Teacher*

7th Summer Holiday Homework

Week - 1 (1st Jun to 9th Jun)

PROJECT OF THE WEEK:

ACTIVITIES:

Eco-Citizen Manifesto:

Activity: Imagine yourself as an "Eco-Citizen" advocating for environmental protection. Write a short manifesto outlining 3-5 actions your community can take to improve the environment. Materials: Paper, pen

Citizen Spotlight:

Activity: Research a historical figure known for their contribution to democracy. Create a short presentation highlighting their achievements.

Materials: Notebook, pen, internet access (optional)

Be a Political Leader:

If you were to form your own political party, what would it be called?

Activity: Make your own cabinet by picking out names of students and assigning them as different ministers.

Outline the key agendas and policies of your party. Explain how your party would address current issues and improve society.

OBJECTIVES:

- To encourage critical thinking and personal expression regarding political preferences.
- To foster creativity and strategic thinking in the creation of a political party.
- Encourage students to take action and become responsible stewards of the planet.
